PROFESSIONAL SUMMARY

Full stack developer with hands-on experience building production-style MERN applications, including an AI-integrated interview platform and a secure e-commerce system. Skilled in designing RESTful APIs, JWT-based authentication, and responsive React interfaces, with a solid foundation in Data Structures & Algorithms, OOP, and DBMS/OS fundamentals. Seeking a Full Stack Developer Internship to contribute to real-world, scalable software products.

EDUCATION

Bachelor of Engineering in Computer Science and Business Systems *Expected Graduation: 2028*

Narula Institute of Technology, Kolkata, India (affiliated with MAKAUT)

Currently in 5th Semester | CGPA: 8.03 / 10 (Upto 3rd Semester)

Class XII (CBSE) *2023*

DAV Public School, NTPC Kahalgaon

Class X (CBSE) *2021*

DAV Public School, NTPC Kahalgaon

SKILLS

- Programming Languages: JavaScript, TypeScript, Python, C, C++
- Web Development: HTML5, CSS3, Tailwind CSS, SCSS, React.js, Node.js, Express.js
- Databases: MongoDB, MongoDB Atlas
- Tools & Platforms: Git, GitHub, VS Code, Postman, Cloudinary, Vercel, REST APIs
- Core Concepts: Data Structures & Algorithms, OOP, DBMS, Operating Systems, System Design Basics
- Soft Skills: Problem-Solving, Teamwork, Communication, Time Management, Adaptability

PROJECTS

AI Interview Analyser Live Demo

MERN Stack, Google Gemini API, JWT Authentication

- Built a full-stack AI-powered mock interview platform where users log in, add a target job role and resume, and receive tailored job-specific interview questions.
- Integrated an AI coach feature offering real-time, on-demand guidance and feedback during interview preparation.
- Implemented secure JWT-based authentication and a RESTful API architecture connecting a React frontend to a Node/Express backend.

E-Commerce Clothing Website Live Demo

MERN Stack

- Full-stack online clothing store with user authentication, product browsing and filtering, shopping cart, and checkout flow.
- Built REST APIs for product listings, cart operations, and order processing, keeping frontend and backend cleanly separated.
- Admin dashboard for managing products, orders, and inventory from a single interface.

ACHIEVEMENTS & EXTRACURRICULAR

- Secured 4th position among 178 teams at Made in JIS Ideathon.
- Ranked among the Top 5 students of the batch.
